This book presents a strong case for the Christian faith by using scientific evidence and philosophical reasoning. Although an abundance of Christian apologetic textbooks exist, most are not easily accessible because they offer long and scholarly treatments of subject matter that may not appeal to lay readers. This book differs in two

Download File PDF 5 Very Good Reasons To Punch A Dolphin In The Mouth And

ways. First, it presents the case for Christianity in a friendly scholarly prose, which enables readers to plainly understand each reason to believe. Second, these reasons are concisely structured so that within minutes, readers can quickly examine each argument in light of the evidence presented. 101 Good Reasons to Believe is essential reading for theists who wish to strengthen their faith in God and for nontheists who desire to critically investigate the truth claims of the Bible. This book includes topics such as: astronomical evidence for the existence of God, evidence for creation and intelligent design, refutation of Darwinian evolution, the historicity of Jesus, why there is human suffering if God exists, the accuracy of the Bible, and evidence for heaven and hell. The 101 reasons presented make thought-provoking and compelling reading for scholars and non-scholars alike.

This is not just a book about running. It's a book about cupcakes. It's a book about suffering. It's a book about gluttony, vanity, bliss, electrical storms, ranch dressing, and Godzilla. It's a book about all the terrible and wonderful reasons we wake up each day and propel our bodies through rain, shine, heaven, and hell. From #1 New York Times best-selling author, Matthew Inman, AKA The Oatmeal, comes this hilarious, beautiful, poignant collection of comics and stories about running, eating, and one cartoonist's reasons for jogging across mountains until his toenails fall off. Containing over 70 pages of never-before-seen material, including "A Lazy Cartoonist's Guide to Becoming a Runner" and "The Blerch's Guide to Dieting," this book also comes with Blerch race stickers.

readable introduction to argument by two of the country's foremost rhetoricians. By stressing the rhetorical situation and audience, this argument rhetoric avoids complicated schemes and terminology in favor of providing students with the practical means to find "good reasons" to argue for the positions they take. Good Reasons helps students read, analyze, and write various types of arguments, including visual, verbal, and written. Supporting the authors' instruction are readings by professional and student writers and over 75 visuals. Good Reasons is distinctive for its discussion of why people write arguments, its coverage of rhetorical analysis and visual analysis in a brief format, its close attention to reading arguments, and its thorough attention to research. 0321951581 / 9780321951588 Good Reasons: Researching and Writing Effective Arguments Plus NEW MyWritingLab with Pearson eText -- Access Card Package Package consists of 0205870147

The shocking treatise that was a bestselling international media sensation upon its 2007 publication in France now makes its eagerly anticipated English-language debut. A mother of two herself, Maier makes her deadly serious, if at times laugh-out-loud-funny, argument with all the unbridled force of her famously wicked intellect. In forty to-the-point, impressively erudite chapters drawing on the realms of history, child psychology, politics, and the environment, Maier effortlessly skewers the idealized notion of parenthood as a natural and beautiful endeavour. Enough with this “baby-mania” that is plaguing modern society, says Maier, it’s nothing but brainwashing.

Are you prepared to give up your free time, dinners with friends, spontaneous romantic getaways, and even the luxury of uninterrupted thought for the “ vicious little dwarves ” that will treat you like their servant, cost you hundreds of thousands of dollars, and end up resenting you? Speaking to the still “ child-free ” , to fellow suffering parents, and to adamant procreationists alike, No Kids is a controversial, thought-provoking, and undeniably entertaining read.

Reasons to avoid having kids:

- You will lose touch with your friends
- Your sex life will be over
- Children cost a fortune
- Child-rearing is endless drudgery
- Vacations will be nightmares
- You ' ll lose your identity and become just “ mom ” or “ dad ”
- Your children will become mindless drones of capitalism
- The planet ' s already overcrowded
- Your children will inevitably disappoint you

The kids at prestigious Greycliff Academy are in for a surprise when their hero, Kirby Finn, turns out to be something he's not. To his friends at Greycliff Academy, Kirby seems to have it all: charm, brains, and a lucky streak that won't quit. He's also the notorious hero creating the snarky videos "7 Good Reasons Not to Grow Up," which expose just how dumb adults can be. Why would any kid want to become one of them? But there's also a mystery about Kirby. And when his best friend, Raja, finds out his secret, Kirby, Raja, and their friends have to grow up fast and face the world head-on.

Greg Gilmore fought hard against returning to Hershey, PA. He has trouble breathing in a town with so many Morrisons running around. Janine Morris, a woman as deeply entrenched in secrets and special military skills as him, only adds to his discomfort. Keeping his family
