**INTRODUCTION** This manual is designed to help you become a safe driver. It presents many of Pennsylvania's laws governing driving. It should be used as a general guide to the laws but not as a substitute for the Pennsylvania Vehicle Code, which contains the laws affecting Pennsylvania's drivers and vehicles. It should also be noted that the information contained in this manual is subject to change. The purpose of this manual is to prepare you to take the driver's examination and to obtain a Pennsylvania driver's license. However, the rules of the road and traffic operation principles presented in this manual apply to the three types of vehicles recognized by Pennsylvania law: bicycles, horse-drawn vehicles and motor vehicles. For example, all bicyclists, just like motorists, are required to stop at red lights. If you are learning to drive, this manual will give you all the information you need to study for the driver's examination. If you already have a Pennsylvania driver's license, you can use this manual to review some of the rules of the road you may have forgotten or to learn about some of the rules that may be new or have changed since you received your license.
