THE TRADER'S GREAT GOLD RUSH "James DiGeorgia is the best expert I know when it comes to investing in gold bullion. „This is not your father's gold market anymore, so getting the right information from the right people is key to helping you succeed as a gold investor.“—Tom McClellan, Editor, The McClellan Market Report, #1 Ranked Ten-Year Gold Timer (1999-2008); "James DiGeorgia is a stalwart of precious metals. He draws on a lifetime of interest and commitment in The Trader's Great Gold Rush to inform you about 'tricks of the trade' that will come in handy as you seek to protect yourself from the looming solvency crisis of the U.S. government. This is a good book. But you have to read it now. Don't wait for the movie.“—JAMES DAVIDSON, founder, Agora, Inc., and Editor, Strategic Investment Throughout history, gold has been a safe haven in times of political and economic crisis. Right now, gold's fundamentals are remarkably strong, says veteran commodities market analyst James DiGeorgia. In fact, gold is poised to boom—reaching, DiGeorgia predicts, as high as \$2,500. From the fundamentals of investing in the gold market to the 17 common pitfalls to avoid. The Trader's Great Gold Rush tells you everything you need to know to take advantage of the coming surge in gold. This is the perfect time to invest in gold. And this book will show you how.

We Americans are never taught anything about gold and silver through our education system. That's why many gold dealers are able to easily rip off unsuspecting buyers of gold and silver.Financial advisors and journalists aren't giving you the truth either, as to how gold and silver fit into a properly diversified portfolio. So naturally, people are looking for answers."Buy Gold and Silver Safely" provides those answers by explaining why gold and silver need to be a part of everyone's portfolio, and helping people learn about buying or selling gold and silver... the safe way.

Diversify your portfolio with gold and silver Investing and trading in gold and silver is always a sound idea—and that goes double in a time of unusual market fluctuation. As people look for safe places to diversify their investment risk, you ' ll likely see the value of your investment go up where other stocks are vulnerable. Gold and silver saw increases in value of 16% and 15% respectively in 2019—putting them among the top ten most desirable commodities out there—and are projected to experience even more of a bear market as the dollar wobbles in an uncertain post-COVID world. This year, 2020, gold and silver are set up to have their best year of price appreciation over the past 40+ years. Written in an easy-to-follow, no-jargon style by CFP and bestselling author, Paul Mladjenovic, Investing in Gold & Silver For Dummies explains the different complex processes and vehicles for buying gold and silver. You ' ll find out the best ways to add these to your portfolio, how to balance risk and reward, and how to adapt time-tested investing plans and strategies to your goals. Identify your goals and form a plan Buy gold and silver safely to diversify your portfolio Use ETFs and options to profit from market ups and downs Understand when a gold and silver investment is legitimate Use technical analysis to time your market entries Whatever your current familiarity with gold and silver, this book gives you the extra expert knowledge you need navigate your gold and silver investment portfolio safely through a bear or bull market.

Activity in the gold markets has focused investors' attention on this unique commodity. To provide the reader with a better understanding of the trade the book is set out in three sections. The first sketches the structure of the gold market from the point of view of the commodity analyst before reviewing in detail the institutions and practices of bullion and futures trading; the second looks at gold mining setting the boom of the past decade in the context of a longer term perspective; the third surveys the used of gold, past and present, and discusses the metal's future prospects.

Become a " gold bull " —for more profits and less risk! Gold is among the best investments for meeting both long- and short- term goals—and the market has never been easier or cheaper to enter! All About Investing in Gold walks you through the often overlooked intricacies of investing in gold with a clarity and coherence you won ' t find in other books. Using real-world examples and simple, jargon-free language, All About Investing in Gold illustrates how gold investing works, why gold deserves a spot in your portfolio, and how to avoid the costly pitfalls many investors fall into when buying gold. Whether you ' re new to the gold market or seeking to hone your expertise, All About Investing in Gold helps you. Diversify your portfolio using gold as a key asset Know when a gold investment is legitimate—and when it ' s a scam Choose the best gold exchange-traded fund (ETF) and stock options for your needs Use technical analysis to time your market entries and exits for maximum profit

First published in 1983, this book provides a comprehensive view of gold and gold trading in its many facets, and identifies those sources of information that are important for an understanding of the world ' s gold markets. The author looks first at gold ' s changing role since 1960; in particular, the change from the fixed price to the present free market determination of price. The different forms the demand for gold takes – bullion, paper or in fabricated forms such as jewellery – are explained in detail. This is followed by an analysis of the supply side – new gold production and the circulation of existing old gold. The survey concludes with an assessment of the gold market and of gold prices now and in the future.

A detailed look at how to profit in the precious metalsmarket Today, gold, silver, platinum, and palladium offer a new andindifferent profit potential for those who understand the impact ofnew technologies, new economic forces, and new demographics.Updated to reflect changes in this market since the mid-1990s, ThePrecious Metals Trader focuses on new developments that couldnttranslate into serious profit-making trends-fromelectrically-generated automobiles that could substantiallyincrease demand for platinum to the increased use of composites indentistry, which could negatively impact the use of both silver andgold. The Precious Metals Trader also explains the supply/demandfundamentals of the four precious metals-gold, silver, platinum,and palladium-and provides projections about long-term trends andprofit opportunities that will coincide with them. Filled withfresh insights from Philip Gotthel-one of the top experts in thisfield-The Precious Metals Trader offers readers the guidance theyneed to trade profitably within this dynamic market. Philip Gotthel (Closter, NJ) publishes the Commodex System-theoldest daily futures trading system published in the world-and theCommodity Futures Forecast Service. He is also President of EquidexIncorporated and Equidex Brokerage Group Inc.

Gold Investing & Trading Guide: Gold & Silver Bullion Buying Trader's Guide with Pro Gold Investment Tips & Hacks is the best investment opportunities for a new investor can still be made with gold and this is why I put this guide together for you. Gold is among the most precious investment options that are available and open to you as a new investor. The goal of this guide is to show you 9 profitable ways how you can do just this so that you will be able to choose your favorite gold investing way once you are done going through this guide. Investing in gold provides a bigger challenge for beginners since it is somehow risky if you don't know the market and how to invest the correct way. For a beginner, there are many ways open in today's marketplace. The challenge comes with choosing the one way that makes sense for the individual investor because it is going to also depend on factors like personal preferences, budget, financial situation, and many more factors. This guide shows you the top nine ways to choose from if you are new to gold investing. The guide is meant to provide a new investor with a general overview of all the ways that are available for a new investor. I have picked them in an effort to provide you with the best mix and the widest variety of ways that you can choose to profit from. You are in no way limited to these 9 ways because there are many more ways available to invest in gold. The goal here is to provide a new gold investor with the most valuable, usable, and easy to consume information and this is why I decided to stick to the top 9 ways. I feel that information overload is doing you harm because a cluttered mind is a mind that does not take action. The goal is simply to get a general overview of the top ways and top opportunities and to pick one as a starting point and to move to the next step. This way you will get a basic overview of the opportunity without getting stuck and you are able to move on and quickly proceed to the actual trading action. The real fun begins once you are able to pick your favorite gold trading way. Once you have identified the way that you want to stick to, you can proceed to the section The Next Step. Claim your copy today & discover the exciting world of gold, silver & bullion investing and take control over your financial future...

This paper describes the structure of the world gold market, its sources of supply and demand, and how it functions. The market has three principal functions in three major locations: the New York futures market speculates on spot prices, which are largely determined in London, whereas physical gold is in large part shipped through Zurich. The market is dominated by large suppliers and gold holders, including monetary authorities. Some unique characteristics of the gold market ensure confidentiality, and as a result, there are gaps in existing knowledge and data. The paper identifies and attempts to fill these gaps.
