She shows how modern architecture came to be the primary visual expression of the so-called republican revolution--especially in the case of representative public buildings and in the idealized form of the modern house. She also illustrates Turkish architects ' efforts to legitimize modern forms on rational, scientific grounds and to " nationalize " them by showing their compatibility with Turkish building traditions.

Modernism and Nation Building: Turkish Architectural---

Modernism and Nation Building Turkish Architectural Culture in the Early Republic

Modernism and Nation Building

In *Modernism and Nation Building*, Sibel Bozdo an argues that the book ' s two eponymous concepts were intricately tied together during the end of the Ottoman Empire and the first decade and a half of Republican Turkey. Noting that Turkish architects adopted modernism because of its rational and functional aspects, the author highlights their drive to eschew the style ' s international connotations and attempts to " nationalize " its form.

Modernism and Nation Building: Turkish Architectural---

In *Modernism and Nation Building*, Sibel Bozdo an traces the active role played by state-employed Ottoman and Turkish architects in this process as they literally " built the nation. " By bringing together rich historical and archival resources—from architectural styles of buildings to curricula of architecture schools, and from ceremonial building competitions to popular magazines—the author presents an innovative approach to the social, cultural, and political relevance of ...

Thus the building of the Turkish Historical Society by Turgut Cansever and Ertur Yener (Ankara, 1966), which won the Aga Khan Award for architecture, utilizes the basic form of the Turkish house with a plain facade and protected interior court together with modern building materials.

Art and Nationalism in Twentieth-Century Turkey | Essay---

In Turkey, the radicalism of the Modern Movement opened up the possibility of an architecture that refused to legitimize the imperial past. By the early 1930s, this New Architecture (as the Modern Movement came to be called) had assumed a dominant position in an architecture of revolution.
