Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5

Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

Bridge the achievement gap with proven strategies for student success Breakthrough Principals debunks the myth of the 'superhero' principal by detailing the common actions and practices of leaders at our nation's fastest-gaining public schools. Based on the authors' Transformational Leadership Framework, which they developed through in-depth study of more than 100 high-gaining, high-poverty schools, the book distills findings into a practical, action-focused plan for diagnosing school needs and implementing structures, systems and practices that accelerate student achievement. Brought to life by case studies of principals who have led dramatic gains in student achievement, the book is a how-to guide for increasing the quality of teaching and learning; improving school culture; attracting and supporting high-

performing teachers; and involving parents and community to help students achieve. You'll learn how breakthrough principals make the school's mission a real part of both strategy and practice, and set up sustainable systems that support consistent, ongoing improvement. High-impact practices are organized into five broad categories: learning and teaching, school-wide culture, aligned staff, operations and systems, and personal leadership. The primary job of school leadership is to help students succeed. It begins with first recognizing and prioritizing areas of need, then finding and implementing the most effective solutions. Whether you work in a turn around environment, or want to make a good school better, this book will give you a set of concrete practices—illustrated through examples of real principals in
