'There is a curse. They say: may you live in interesting times . . .' This is the worst thing you can wish on a citizen of Discworld. Especially for the magically challenged Rincewind, who has already had far too much excitement in his life. Unfortunately, the unlucky wizard always seems to end up in the middle of, well, absolutely everything. So when a request for a 'Great Wizzard' arrives from the faraway Counterweight Continent, it's obviously Rincewind who's sent. For one thing, he's the only one who spells wizard that way. Once again Rincewind is thrown headfirst into a dangerous adventure. For the oldest empire on the Disc is in turmoil and Chaos is building. And, for some reason, someone believes Rincewind will have a vital role in the coming war . . . 'Pratchett is a comic genius' Daily Express 'Funny, delightfully inventive, and refuses to lie down in its genre' Observer Interesting Times is the fifth book in the Wizards series, but you can read the Discworld novels in any order.

When a giant wave destroys his village, Mau is the only one left. Daphne a traveler from the other side of the globe is the sole survivor of a shipwreck. Separated by language and customs, the two are united by catastrophe. Slowly, they are joined by other refugees. And as they struggle to protect the small band, Mau and Daphne defy ancestral spirits, challenge death himself, and uncover a long-hidden secret that literally turns the world upside down.

This collection includes all five Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series, including the final Discworld novel, The Shepherd's Crown. The Wee Free Men: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nae Mac Feeglelaka the Wee Free Men. A Hat Full of Sky: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic,not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! Indeed, there is. . . . Wintersmith: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. I Shall Wear Midnight: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone,or something,is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root, for if she fails, the whole Chalk falls with her. . . . The Shepherd's Crown: Deep in the Chalk, something is stirring. The owls and the foxes can sense it, and Tiffany Aching feels it in her boots. An old enemy is gathering strength. This is a time of endings and beginnings, old friends and new, a blurring of edges and a shifting of power. Now Tiffany stands between the light and the dark, the good and the bad. There will be a reckoning. . . .

Terry Pratchett's profoundly irreverent, bestselling novels have garnered him a revered position in the halls of parody next to the likes of Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In Equal Rites, a dying wizard tries to pass on his powers to an eighth son of an eighth son, who is just at that moment being born. The fact that the son is actually a daughter is discovered just a little too late.

'People think that stories are shaped by people. In fact, it's the other way around.' Terry Pratchett, creator of the phenomenally bestselling Discworld series, knight of the realm, and holder of more honorary doctorates than he knew what to do with, was known and loved around the world for his wildly popular books, his brilliant satirical humour and for the humanity of his campaign work. But that's only part of the picture. At the time of his death in 2015, he was working on his finest story yet - his own. The story of a boy who was told by his headteacher aged six that he would never amount to anything, and spent the rest of his life proving him wrong. Who walked out on his A levels to become a journalist, encountering some very dead bodies and the idea for his first novel before he reached twenty. Who celebrated his knighthood by smelting himself a sword, and who, on being awarded the prestigious Carnegie Medal, switched it during the prizegiving for a chocolate replica and proceeded to eat it in front of an audience of horrified librarians. Tragically, Terry ran out of time to complete the memoir he so desperately wanted to write. But now, in the only authorised biography of one of our best known and best loved writers, his manager and friend Rob Wilkins picks up where Terry left off, and with the help of friends, family and Terry's own unpublished work, tells the full story of an extraordinary life.

An illustrated collection of 14 short stories!featuring "dragons and wizards, councilors and mayors, an adventurous tortoise and a monster in a lake, along with plenty of pointy hats and a few magic spells"l was written when the author was a teenaged newspaper reporter. 50,000 first printing.

'One of the best expressions of his unstoppable flow of comic invention' The Times \_\_\_\_\_ The post was an old thing, of course, but it was so old that it had magically become new again. Moist von Lipwig is a con artist... .... and a fraud and a man faced with a life choice: be hanged, or put Ankh-Morpork's ailing postal service back on its feet. It's a tough decision. The post is a creaking old institution, overshadowed by new technology. But there are people who still believe in it, and Moist must become one of them if he's going to see that the mail gets through, come rain, hail, sleet, dogs, the Post Office Workers Friendly and Benevolent Society, an evil chairman . . . and a midnight killer. Getting a date with Adora Bell Dearheart would be nice, too. So perhaps there is a shot at redemption in the mad world of the mail, waiting for a man who's prepared to push the envelope . . . \_\_\_\_\_ The Discworld novels can be read in any order but Going Postal is the first book in the Moist von Lipwig series, which also includes Raising Steam and Making Money.

Authorised by Mr Lipwig of the Ankh-Morpork and Sto Plains Hygienic Railway himself, Mrs Georgina Bradshaw's invaluable guide to the destinations and diversions of the railway deserves a place in the luggage of any traveller, or indeed armchair traveller, upon the Disc. \*From the twine walk of Great Slack to the souks of Zempphis: edifying sights along the route \*Ticketing, nostrums and transporting your swamp dragon: essential hints on the practicalities of travel \* Elegant resorts and quaint inns: respectable and sanitary lodgings for all species and heights. \* From worm-herding to Fustic Cake: diverting trivia on the crafts, foods and brassica traditions of the many industrious people for whom the railway is now a vital link to the Century of the Anchovy Fully illustrated and replete with useful titbits, Mrs Bradshaw's Handbook offers a view of the Sto Plains like no other.

â~Vimes ran a practised eye over the assortment before him. It was the usual Ankh-Morpork mob in times of crisis; half of them were here to complain, a quarter of them were here to watch the other half, and the remainder were here to rob, importune or sell hotdogs to the rest.â(tm) Insurrection is in the air in Ankh-Morpork. The Haves and Have-Nots are about to fall out all over again. Captain Sam Vimes of the cityâ(tm)s ramshackle Night Watch is used to this. Itâ(tm)s enough to drive a man to drink. Well, to drink more. But this time, something is different â€ the Have-Nots have found the key to a dormant, lethal weapon that even they donâ(tm)t fully understand, and theyâ(tm)re about to unleash a campaign of terror on the city. Time for Captain Vimes to sober up.

Although they may feature witches and wizards, vampires and dwarves, along with the occasional odd human, Terry Pratchett's bestselling Discworld novels are grounded firmly in the modern world. Taking humorous aim at all our foibles, each novel reveals our true character and nature. It's a dreamy midsummer's night in the Kingdom of Lancre. But music and romance aren't the only things filling the air. Magic and mischief are afoot, threatening to spoil the royal wedding of King Verence and his favorite witch, Magrat Garlick. Invaded by some Fairie Trash, soon it won't be only champagne that's flowing through the streets ...
